FROM THE PRESIDENT'S DESK:

Convergence of global investment majors while putting the State on the path of an incomprehensible Industrial Resurgence has generated many a challenges for us. The State which was in the shadow zones of attention for decades has suddenly emerged to commandeer an investment in core sector Industries and mining. In view of increasing Industrial environment in the State, Balasore Chamber of Industries and Commerce has organized Seminars/Workshops, Awareness and motivational Programs, arrange interaction with Government authorities, National Level Exhibition-Cum-Trade Fair and Buyer Seller meet EXPO ODISHA-2011 in order to attract entrepreneurs for setting up units. It will yield result in the coming days.

Chamber is continuously trying to pick up entrepreneurs from the grass root level .That is why awareness & Motivational programs are being arranged at technical Institutions to motivate and induct the ideas in the mind of students to think what to do after passing out. The Pass out students are also guided through our Consultancy Cell for starting self employment ventures.

We are planning ahead of creating a better environment for growth of Industry, Trade and Services in the district and around. I want to keep on record that our Members are actively supporting in all the activities.

Hope we will be successful in our attempt.

Himansu Das
